Green of No. 25% Cottage avenue have announced that they were wed in the pastor's study at the Central Christian Church on Janmary 21. They are now at home at the Cottage avenue address, where Mr. Greer's mother also resides. The match meets with the entire approval of the families of the bride and bridegroom.

It was not because the young people feared parental objection that they were married secretly. But it happened that at the time they decided to become each other's for life, the mothers of both were very ill, and they thought that to "break the news," as the popular song has it, would cause excitement to the sick ones, which might not be the best thing for them. Mrs. Greer went home in the evening of her wedding day to nurse her mother, and there she remained until Mrs. Hawkins had completely recovered. Then she told her mother of the interesting event of January 23. On the same day she went with her husband to his home and informed his mother of their marriage. Forgiveness and parental
